

## Vienna Tour Passport Information

### **U.S. Citizens –**

For official passport information visit: <http://travel.state.gov/passport/> . This site gives official information on obtaining and renewing your US Passport.

If you have a passport which expires before January 1, 2013, (six months after the return date of the trip) you must renew it before you go on the trip!

According to MCI, right now it's taking about 4 weeks to renew a passport and 8 weeks to get a new passport. DO NOT DELAY in getting your passport! We will need to have copies to MCI by February 1, 2012!

### **Non-US Citizens –**

It is your responsibility to check with the consulate of the country whose passport you hold to obtain the correct visas for this trip. Make sure your visa allows you to travel from the US to Vienna and back.
