

About Tuition

As a charitable 501-c-3 not-for-profit organization, NJYS strives to keep tuition fees as low as possible. The tuition NJYS charge per student covers only 59.25% of the total cost to educate each student. NJYS attempts to raise the remaining 40.75% through donations from individuals, corporations, and foundations. Over the past 5 years, fundraising for non-profits has dropped significantly while expenses continue to rise. Please consider making a contribution to the NJYS Annual Fund to help further offset the burden NJYS must shoulder to afford a first class musical education to your child. Contributions of 40% of your child's tuition will help NJYS to defray mounting costs in facilities, utilities, venue rentals, human resource services, technology, equipment, and scholarships.
